

Florence County School District Two plans to implement Share Tables in its cafeterias.

A Share Table is a place designated for students to place unwanted food and beverage items. These tables provide an opportunity for other children to take additional helpings of food or beverages at no cost to them. This will also be an effort to reduce the waste of food in the School Food Service Program.

Food items that are allowed on share tables are:

- \*Non-temperature controlled, pre-packaged products such as cereal packs, crackers, drinks and Food bars.
- \*Wrapped fruit and vegetables as well as fruit with thick skin such as banana and oranges.
- \*Temperature-controlled, pre-packaged products such as cheese and milk that will be placed In a refrigerator, cooler or ice bath.
- \*Students will place their unwanted items on the Share Table when exiting the serving line.
- \*Share Table will be monitored by staff to make sure items placed on the table have not been opened, partially consumed and the original packaging is in sound condition.
